About the University

The Uttarakhand Technical University, Dehradun was established on 27th January 2005 by Govt. of Uttarakhand through the Uttarakhand Technical University Act 2005. The University is the only affiliating University of the state running various private and Govt. institution. There are 4 Constituent and 118 affiliated colleges with 50,000 students in various courses. The University is serving the technical education through its progress monitored each semester, part time Ph.D programme especially designed for the teachers and scientists by giving them opportunity to explore the untouched area of the research. The University in its own campus running M.Tech and M.Pharma Programme in various disciplines.

Objective

The idea behind this workshop is to protect innovations using available Intellectual Property Rights (IPRs) not only for personal good but also to benefit the society and minimize the risk of valuable ideas remain on the shelf. The power to evolve innovations and think in an innovative manner in any organization can be increased by means of creating Intellectual Property (IP) awareness amongst the stake holder i.e. students/faculty members/engineers/designers/R&D personnel, etc., who are directly or indirectly involved in the process of innovation. The One Day IPR Workshop aids to understand of patentability criteria in detail and viable aspect of the patent.

About the Workshop

This workshop would start with an opening session elucidating the purpose of IP, and giving an overview on the most important IPRs, such as, patents, trademarks and trade names, designs, copyright, etc. Illustrative examples would be discussed to explain the various intellectual property rights issues. An important session that will specifically focus for patents (protecting technical inventions), including topics such as the patentability criteria, the contents of a patent application, how patents

can be exploited, is also proposed. All these topics would be accompanied with illustrative examples. Furthermore, the participants will get an introduction to claim interpretation, drafting, overview on searching patent literature, and Do's and Don'ts again accompanied by illustrative examples.

IPR 2015 key features

- Intellectual Property Rights and its protection through patents.
- Commercial aspect of the patent.
- Overview of Indian Patent Act.
- Patentability criteria.
- In-house process of patent filling.
